

Home Economics Girls Win Trtp To Corpus Christi

Local contests for determining appearance. Four high school girls representatives to the State Home-making Rally in Corpus Christi, April 25-27, were held in the Home Economics Department Monday. Every girl enrolled in the department took part in the contests. Miss Ethel Powell and Mrs. Lou Longford, teachers of Home Economics at Stamford were judges.

Contest in Home Economics I-A was making of a toy for a pre-school child and giving reasons for selection. Winners were: First place, Kathryn Gardner—blocks, 2nd place, Phyllis Gay Milsap—Rabbit made of White outing, 3rd Fay Laverne Howard—Stick Horse and 4th Robbie Lee Falkner—picture book.

The contest in Home Economics I-B was on the judgment of personal

Home Economics II contests were on selection of materials and finishes for a tailored dress and planning a child's play suit. Winners were: 1st, Lydia Garrett, 2nd, Melva Ramsel, and 3rd, Oleta King.

Contests in Home Economics III were on judgment of school dresses and family relationships. Winners were: 1st, Pearl Morris, 2nd, Lois Anderson and 3rd, Etelyn Allen.

Girls winning first places in these contests will represent Hamlin with all expenses paid by the Home Economics Club.

BIG EASTER EGG HUNT

The Hamlin Lions Club are giving their Annual Easter Egg Hunt at the Moore Lake Sunday at 2:30 P. M. All children under thirteen years are cordially invited to come and take part.

This is going to be a big affair as there will be several thousand eggs furnished by the Lions Club, so bring your children as there will be plenty of eggs for all.

SENIOR PLAY THURSDAY, MAY 2

Everybody keep in mind the date of the Senior play—May 2, at the Hamlin High School Auditorium, promptly at 8:00 P. M.

You will be doing a great thing for the class if you will take this play up and encourage your friends to come and see one of the best home-talent plays that has ever been presented in Hamlin. The Seniors have been working steadily and hard on this play to give the public something that will be enjoyed.

"SHIRT SLEEVES" is a realistic play—one that will fit every domestic home. There are problems, similar to your problems, solved right before your eyes. There are weal, disappointments, ambitions, bank failures, romance, crooked deals, even neuritis—and an old painting of an old ancestor who takes and stirs one actors on to play the game of life fair and square.

If you miss this play, you will be missing something good. Because the play the between the acts will be good. The Baize Quartet from Tuxedo will be here to entertain you with songs and string music.

The Seniors will certainly appreciate your patronage. Keep the date in mind, May the 2nd. The admission 15 and 25 cents.

ANSON EDITOR DON'T KNOW HAMLIN'S LAKES

Below the Herald re-produces a little skit appearing in the Western-Enterprise last week. It is all fine except about the "New Lake." Here is what it says:

"G. T. Holoday, of Hamlin, was in town Tuesday. He says that Hamlin is a good town, and that the whole populace is exultant over the fact that the lake is full of water, lacking only four inches filling completely a few days ago when a more than three-inch rain fell on the watershed, at the same time only a one-inch rain fell in the city. The lake would have filled, however, except for the fact that the water was let out into the lower lake. It will be remembered that the new lake which the City of Hamlin built a few years ago, proved a failure, the city having to depend on the old lake, a popular fishing resort for this section."

The correction is that what is known as the Lower Lake is the old lake that receives water from the upper lake which is made by a big concrete dam. It with the lower lake furnishes Hamlin's water. The Lower Lake is "Dam-Full" and the Upper Lake is "Half-Dam-Full." The failure mentioned a few years ago is in the T-Diamond Ranch, 10 miles north of Hamlin, over in Stone-wall County, over on the brakes of the Brazos, that won't even hold pole-cats, much less water. Hamlin folks have forgotten the T-Diamond project, even though it still hangs on as a debt.

J. B. (BUD) TERRELL BUYS RED & WHITE

Last week the Herald told of a Mr. Hargis buying the Sledge & Robinson Red & White Store, but before the week was over Mr. Hargis in turn sold to one of our own townsmen, Mr. J. B. (Bud) Terrell. So, with Bud in the grocery business in Hamlin, there is no room for introduction, as everybody knows him.

But there is a young fellow down there from Dallas, another Hamlin fellow who has been away so long shoving out good eats to the Dallas folks that we must introduce. His name is Clee Barnett, from one of the well known families of the farm section just west of Hamlin. Clee is the Manager, and general ram rod at the Terrell Red & White. But his sister is Mrs. Bud Terrell and that means Clee has a boss and she knows her business too. Clee Barnett has been with the A. & P. Stores in Dallas for eight years and while down there he has become a married man and that means another good family for Hamlin. So Barnett and Mrs. Terrell will be "the force," and already their store is becoming popular.

CCC BOYS TO BE SELECTED SATURDAY

APRIL 20TH AT RELIEF OFFICE
IN ANSON

Jones County's quota of 21 CCC boys will be selected Saturday between 8 and 10 A. M. at the Relief Office in Anson. All applicants must be at the Relief Office by 10:09 A. M. Any applicant reporting later than this hour will not be considered.

RULES OF ELIGIBILITY

1. Single men between the ages of 18 and 25 years (inclusive).
2. Relief Roll boys will be given preference.
3. No person with a criminal record is eligible.
4. All applicants must be able to pass a rigid physical examination.
5. No boy will be selected who does not appear to the Administrator to be anxious to go, regardless of whether or not he is on the Relief Roll. Enrollment must be entirely voluntary.

6. Former enrollees who served at least five consecutive months and not more than 13 months and who were honorably discharged may be reselected. Such applicants MUST BRING DISCHARGE PAPERS with THEM TO ANSON SATURDAY MORNING.

All boys from this County will report to Sweetwater on April 23 and will be sent from there to camps in Arizona.

Some 65 applications are on file. Many young men will have to be disappointed at this call, but we expect to have subsequent calls at regular intervals and it is hoped every boy will have his chance to go before many months.

FEDERAL LAND BANKS

REDUCE INTEREST RATES

The Hamlin National Farm Loan Association received information this week that all new loans closed by the Federal Reserve Land Bank of Houston, after April 10th, 1935, the interest rate will be 4 1/4 %. The rate for some time has been 5 %. This is the cheapest rate that the Federal Land Bank has ever made.

The Hamlin Association has closed 47 new loans from Jan. 1st, 1934 up to April 10th, 1935, totaling \$170,500.00, making a total of over \$457,000.00 at this time. Some of the loans which were refinanced were costing the borrowers as much as 8 per cent interest. These Federal Land Loan Bank loans are cutting down the overhead cost for landowners.

The Hamlin Association has for its officers the following gentlemen who take an active interest and pride in the Association affairs: Thos. F. Holman, President, Joe L. Culbertson, Vice President, W. L. Beavers, appraiser for the loan committee, R. S. Johnson, Director, and Ira A. Clements, Director, Tate May, Secretary-Treasurer.

The loan committee is composed of Thos. F. Holman, W. L. Beavers, Joe L. Culbertson, and R. S. Johnson, alternate member.

If you have a loan upon your land and are paying a higher rate of interest than this 4 1/4 % why not re-finance through the Hamlin National

SCHOOL SENIOR DAY

PLANNED AT SIMMONS

ABILENE, April 17.—With plans completed to handle the largest crowd of West Texas high school seniors ever assembled, Hardin-Simmons university is preparing for its second annual High School Senior

Day to be held on the university campus April 27. Two thousand attended the fete last year and more are expected for the affair April 27.

High lights of the day will be the Eighth Annual West Texas High School Band Contest and an intrasquad football game. Immediately preceding the game which will be played under the light on Parramore field a massed band concert will be given by 300 picked musicians from the high school bands entered in the contests. This concert will be directed by H. S. Vandercook from Chicago, supreme judge of the contest and Marion B. McClure, conductor of the Cowboy Band.

The football game will be the last session for the Cowboys

for the spring training under the tutelage of their new mentor, Head Coach Frank Kimbrough. The squad will be divided and a regulation game will be played. A loudspeaking system is being installed and Coach Kimbrough will make remarks to the crowd during the fracas concerning the details of the game in progress.

A marching contest for bands will be held between halves of the games with all bands competing for a handsome loving cup.

The morning program will be held in the university auditorium at which time a musical and novelty program will be given. The university will be host to a barbecue dinner for all visiting students at the noon hour.

YOUR WIFE WILL KNOW WHY WE BUY FROM WESTERN ELECTRIC

As the world's best purchasing agent, she applies the same rules of thrifty buying used by the Bell System.

boards, show similar variations in the amount saved.

But the important point, clearly indicated, is that Western's prices are appreciably lower to us than open market prices.

A special study based on 3,000 separate items of telephone equipment and supplies indicates this fact: Western Electric, as supply unit of the Bell System, sells to Bell operating companies for a fourth less, on the average, than the lowest price offered by independent supply firms.

This of course does not mean a saving of a fourth on every item bought from Western Electric. Some supplies... paper, paints, poles, for example... range from 5 to 17 per cent under usual market prices. Others, such as telephones, cables, and switch-

As one of the 24 associated companies of the Bell System, we buy most of our equipment and much of our supplies from Western because we get bargains there, because we get uniform quality and the assurance of exact performance... and because Western Electric parts are so designed that future improvements and developments will fit into and work with equipment already in use.

These factors help us materially in achieving the Bell System policy of good telephone service at fair cost to the user.

BATHING WAS CRIME HUNDRED YEARS AGO

Bathing, less than a hundred years ago, was a crime in Boston and was taxed in many cities and states to prevent its spread. This was all because a man in Cincinnati, Ohio, stimulated interest in bathing in 1842 by inventing a water heater consisting of a crude coil of pipe in his fire place chimney which warmed the water for a lead lined bathtub, according to sanitation historians.

Healthful results of the bath, however, defeated the anti-bathers. More water heaters were invented and im-

Kept Taking Cardui Until She Got Rid of the Severe Pains

When Mrs. Ida Hege, of Edinburg, Ind., was in a painful, run-down condition, she took Cardui, with the results she describes below: "I had just been what one might say dragging around, feeling miserable and all out of sorts. I remembered how Cardui helped my aunt. I sent for six bottles of Cardui and when I had taken them, I was much better and stronger. I did not suffer so much pain. I continued taking Cardui until I had taken nine bottles. I do not have the severe pains."... Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

proved until now one only has to turn a faucet and an automatic gas water heater instantly sends a stream of steaming water to bathroom or kitchen.

Rome used no medicine except baths for 600 years. Bathing ceased with the fall of Rome. Pestilence, disease, and death found unclean bodies easy prey in Europe for the next 10 centuries. Then, crusaders, coming back from the Far East where bathing was still practiced, returned the bath and Europe began to emerge from personal filth and consequent plagues. Soap is only 300 years old, and the modern bathroom less than 100. Ancients used olive oil, sand, and scrapers made of bone, ivory or precious metal in place of soap. Certain Arabs still roll in the sand and use it to scratch off the dirt.

The skin, a mass of valves which release body poisons and assist the lungs, should be kept clean, health experts advise. This is best accomplished by means of a daily bath plus a good soap and brush scrubbing once a week, an effective means of retaining good health, ambition, and pep.

Gas water heaters are important units in modern homes. The Hamlin Gas Company is featuring newest developments in automatic gas water heaters, including storage and instantaneous types, this month, according to Bill Braymer, local gas company manager. Gas is so economical, half a cent will buy enough gas to heat water for one bath if used in one of the efficient new automatic

gas water heaters, and gas for a bath a day for one week costs less than a special delivery stamp, he said.

AN INSTRUCTIVE PROGRAM

Mrs. E. C. Young was hostess to the Swedonia Home Demonstration Club, April 16. Mrs. Young also acted as president, as the president was absent. Miss Jennings and her secretary, Miss Brown and nine members were present.

After a discussion of plans for raising money for our council dues, our president appointed a committee of three to select the plan to use.

We voted to do our part to help Mrs. J. T. Stephenson with the recreational meeting in Roby each 1st Monday night of each month.

Miss Jennings led a discussion on leafy vegetables that will grow in Fisher County and how to prepare them. Miss Jennings' talk on these vegetables and their vitamin value in our diets was very instructive and interesting and much appreciated by all present. Vegetables named were, turnip greens, spinach, rape, Swiss chard, collards, cabbage, mustard, tendergreen, beet tops, lettuce, snap beans, snap peas, English peas, and our native lamb's quarter and kerlese. The minerals and vitamins in these

vegetables play an important part in our health.

Then Miss Jennings gave a short talk on clothing.

After adjournment, sandwiches, tea and cake was served by the hostess to Misses Jennings, Brown, Lillie Young, Girtle Young and Mesdames Young, Willingham, Crowley, Carriker, Rector, Wells and Jackson.

Mrs. Sipes was hostess to the club April 2. There were six members present.

The program was Fisher County and Texas History. Mrs. Tarlton Willingham gave Fisher County History. Texas history was not given as the rain and muddy roads kept some members away. We hope to have "Texas" again.

As reporter wasn't present, I can't make this report complete.

SWEDONIA CLUB

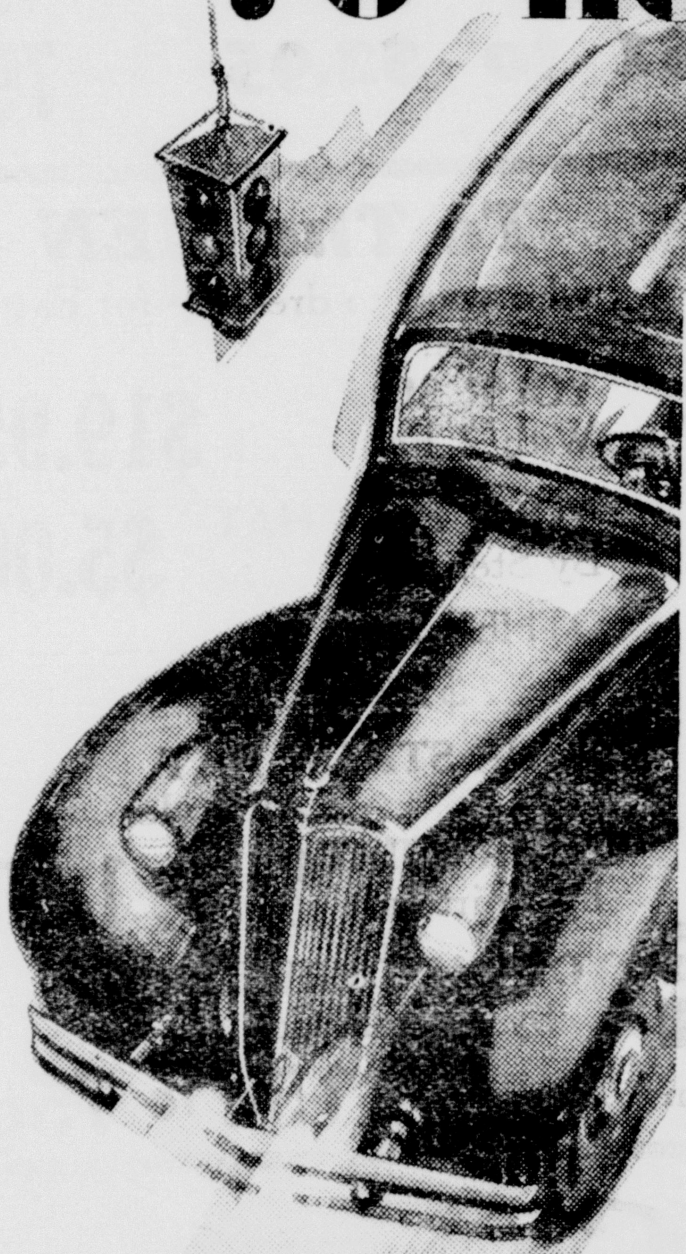

The Swedonia Club met April 16. Miss Jennings met with us and directed us in a number of exercises.

Miss Jennings gave a very interesting demonstration on placement of furniture in a girl's room.

She also showed us a miniature dressing table which can be made out of orange crates.

The following members were present: Lavoma Cobble, Jennie Hulsey, Bernice Reynolds, Lillian Donham, Maurine and Geraldine Wright, Leota Bailey, Maurine and Mandell Farrow, Mary Frances Jackson, Eva Payne, Ruby Jean Young and our sponsor, Mrs. Tarlton Willingham. —REPORTER.

Is Your Car over 70 horsepower?

If it is, you must have motor oil of extra high film strength to get SAFE LUBRICATION

YOUR car today has twice the horsepower and speed of the car you drove ten years ago! The average of 22 leading cars in 1934 was 108 horsepower.

Bearing pressures and temperature have increased correspondingly—so greatly that motor parts are now made of new alloy metals of extra strength and durability to stand the load!

To protect such a motor you need an oil with enough extra oiliness and film strength to withstand the extreme pressures and temperature!

Yet motor oils generally have no more oiliness and film strength now than they had ten years ago. New refining methods have recently come into use to make oils free from carbon and sludge. But these refining processes have lowered instead of increased oiliness and film strength—the very qualities on which depends an oil's lubricating value!

There is one exception—Conoco Germ Processed Motor Oil. It, too, is free from carbon and sludge troubles. But, more important, the new Germ Process—adding concentrated oily essence to highly refined oil—puts into this oil 2 to 4 times the film strength of any straight mineral oil, as tests on Timken and other machines have proved! That extra film strength gives safe lubrication under the most extreme pressures!

Germ Processed Oil protects your motor another way. Its penetrative film, the "Hidden Quart," stays up in your motor and cuts down starting wear.

Germ Processed Oil gives longer mileage with greater motor protection, as the Indianapolis Destruction Test proved.

Say "O. K.—Drain"—fill with Conoco Germ Processed Motor Oil and drive with the assurance that your oil meets your motor's needs!

METHODIST CHURCH

A certain friend was rejoicing over having lived to see another "Fourth of July." Said he, "I have noticed that every time I have lived through one Fourth, I have been able to live to the next." Probably so, but what about Easter? Shall we just live through it so we may live to see another Easter, or are we making it count for all it means to civilization. It would be an ungrateful person that would "bite the hand that feeds him." Forget the Easter Spirit and the Christ who made it possible and the entire foliage of civilization will wither, for here is the source of all culture.

If you care to go along with us we will take you through a day crammed full of opportunities to do good and thus nurture the feeling of worthwhileness in your own heart of hearts.

At "Lake Side Service" 6:00 to 6:45 A. M. At sunrise with an Accordion, played by Mrs. Joe McCrory. Forty-five minutes of singing, fellowship, praise and prayer beside our beautiful lake. Meet us at the church at 5:45 that all may have ways to go; there will be conveyance for all who meet us there at the set time.

9:45 is Church School hour and we are headed for the three-hundred present. If you have seen that many in Church School before in this building you will see it again Sunday for they are making their plans now to be on hand.

Easter Message 11:00 A. M. by pastor. Another Easter Message at 7:45 P. M. by Mrs. Longino. Both the Adult Choir in the A. M. and the Young Peoples' Choir in the P. M.

BAPTIST W. M. S.

The W. M. S. met Monday for study in Royal Service, Mrs. W. F. Johnson leading, Mrs. Ted Russell led the devotional.

Lesson subject was "Lifting the Banner in the European Countries." Next fifth Monday the W. M. S. will have an all-day Mission Study. Come meet with us.

METHODIST SENIOR LEAGUE

Fourteen members were present last Sunday evening and Ray Willingham, Marie Whitlock, Mina Fay Cotton, and Mary Beth Moody rendered a very interesting program.

The young people are sponsoring a sunrise program at the lake next Sunday morning, Easter morning for the Adults and other young people.

Everyone is cordially invited to be present for the short program prepared. Those that are planning to attend, meet at the Methodist Church at 5:45, where ways of transportation will be furnished for all.

ANNIVERSARY PARTY

Honoring Mr. and Mrs. R. J. Holdridge on their tenth wedding anniversary, Mr. and Mrs. Fred Woods were delightful hosts Thursday evening when they entertained with three tables of bridge.

Guests were greeted by Mrs. Woods and directed to the attractive tables laid with lovely linen, centered with crystal holders containing pinks. A spring time note was featured in all decorations.

After an hour of interesting play the hostess passed an attractive plate holding chicken salad, sandwiches, cakes and hot chocolate to Mr. and Mrs. Edd Jones, Mr. and Mrs. R. J. Holdridge, Mr. and Mrs. R. N. Faurey, Mrs. Lemley and Mrs. W. W. Collier.

W. W. Collier Jr. and three of his Simmons University fellow classmates, Messrs. Bill Gattis, Clifton Harrison and Jesse Alexander, all came over for the week-end at the home of his parent, Mr. and Mrs. W. W. Collier.

PRESENT-DAY YOUTH

"Willie," cried his mother, "come into the house this very minute. I have some errands for you to do." "Why, mother!" exclaimed Willie, "I want to grow up to be a law-abiding citizen. Dad says the new code forbids child labor."

LIVING AT HOME

"We have been living at home. Keeping records is the only way to convince people that you are getting something for your work and I intend to keep, not only my produce records, but my clothing records, since last summer," said Mrs. E. T. George, 4-H Pantry Demonstrator in the Lueders Home Demonstration Club.

It is really a pleasure for me to have unexpected guests for I can have a balanced meal in just a few minutes," Mrs. George said.

Last year Mrs. George canned over 800 containers, mostly tin cans, of food and as pantry demonstrator this year she is expecting to have at least that much. "I plan to can everything possible, label the cans and improve my storage space so my pantry will be completely organized," said Mrs. George.

Texas Lady Tells How Black-Draught Laxative Helps All Her Family

Here's how Black-Draught fills the needs of a family laxative in the home of Mrs. J. S. Stoker, Fort Worth, Texas: "The grown-ups in my family," she writes, "have always taken powdered Thedford's Black-Draught for biliousness, headaches and other ailments (due to constipation) and found it a reliable remedy. I was very pleased when I saw Syrup of Black-Draught advertised. I bought it and gave it to my little daughters, ages 6 and 4. They needed something to cleanse their systems and Syrup of Black-Draught acted well." ... Your druggist sells this reliable laxative in both forms. "Children like the Syrup."
